NOTICE TO CONTRACTORS

Sealed bids will be received by the South Dakota Department of Transportation until **1:30 pm, Friday, February 10, 2023** at which time they will be opened for the following project(s):

Project Number	PCN	County	Type of Work	Area Engineer
025-151	i6jn	Day	Sidewalk Replacement	Bruce Schroeder (605-626-7885)

Should you have questions you are encouraged to contact Area Engineer listed for the project.

AVAILABILITY OF PLANS AND PROPOSALS:

Specifications and proposal forms are available at the Aberdeen Regional Office and at the following website: <https://apps.sd.gov/HC65BidLetting/RegionDefault.aspx>

The DOT-123 form provided within the proposal document is for information only. Do not use for bidding purposes. Bids submitted on the enclosed DOT-123 form will be considered void and will not be accepted by the department. Please email the Aberdeen Region office for the DOT-123 form that can be used for bidding purposes to the following:

Scott.Schneider@state.sd.us and Michael.Welch@state.sd.us

The email request for the DOT-123 form shall include the following information, so that the SDDOT can maintain a list of prospective bidders for this project and to maintain a contact list for future region lettings:

- Company Name**
- Mailing Address**
- Phone Number**

Addendums, if any, will be made available on-line at the above website, no later than **48 hours** prior to opening bids. It will be the Contractor's responsibility to check for addendums prior to submitting bids.

CONTENT OF BIDS:

Returned Bids shall include the following ORIGINAL SIGNATURE items all signed in ink:

1. A notarized Contract Proposal (DOT-123). Non-signature items shall be typed or completed in ink.
2. Participation by Minority Contractors Form.
3. Contractor's Affidavit/Declaration.
4. Fuel Adjustment Affidavit. (The successful bidder must submit the Fuel Adjustment Affidavit (DOT-208) form prior to the execution of the contract; therefore, all bidders are encouraged to submit the Fuel Adjustment Affidavit prior to or at the time of bidding.)

Bids shall be in sealed envelopes and clearly marked on the outside with the words "BID ENCLOSED" and the letting to which the bid applies. Proposals faxed to the office will not be accepted.

<i>If hand delivering or using a package delivery service, address the envelope:</i>	<i>If using the US Postal Service, address the envelope:</i>
Mark Peterson, Region Engineer Department of Transportation 2735 West Highway 12 Aberdeen, SD 57401	Mark Peterson, Region Engineer Department of Transportation P.O. Box 1767 Aberdeen, SD 57402-1767

Bidders will be required to fill out the blank spaces in the proposal form correctly. The bidder must fill in a unit price for each bid item shown on the proposal form. Bidders will also be required to carry out extensions and determine the "Total or Gross Sum Bid" as indicated in the proposal. The total of any proposal, as determined by the bidder, will be used only for a comparison when bids are publicly opened

and read, and any errors noted in extensions or totals will be corrected to determine the "Total or Gross Sum Bid" of any proposal.

Failure to properly carry out any of the above requirements is deemed as sufficient reason to reject any proposal.

BONDING & INSURANCE:

A **bid bond** will not be required.

The successful bidder must provide a **performance bond** in the total amount of the contract prior to beginning work on the project as per section 3.5 of the Standard Specifications.

NOTE: A cashiers check, money order or other monetary instrument in the total amount of the contract, made out to and under the full control of the Department is acceptable in lieu of a performance bond. Such bond shall remain in effect for not less than one year after date of acceptance of the completed contract by the Department.

Unless the successful bidder already has a **Certificate of Insurance** on file in the Bid Letting Engineer's Office in Pierre, one must be furnished to the Region Office in Aberdeen. The contract award is subject to verification of the Contractor Excise Tax License and receipt of the Performance Bond or Cashiers Check and Certificate of Insurance.

PREQUALIFICATION:

In accordance with current bidding procedures, [Administrative Rules 70:07:02](#), a bidder must be prequalified prior to bidding on state highway construction projects, unless his bid is less than \$250,000. Bidders must be prequalified for the Work Type(s): **Work Type 14, Miscellaneous Concrete Construction**.

Contractors may apply for prequalification by fully completing and executing a Prequalification Statement on forms furnished by the Department. Such application must be sent to the Classification and Rating Committee at the Becker-Hansen Building, 700 East Broadway, Pierre, SD 57501 at least fourteen (14) days prior to the day of the letting. This form is available on line at <https://dot.sd.gov/doing-business/contractors/forms-documents> and is Form DOT-144-Contractor's Prequalification Form. Maintenance stockpile projects are excluded from this requirement.

Requests to add work types are considered a new questionnaire submission, and must meet the 14-day requirement.

A line of credit submitted to increase bidding capacity must be received by the committee before 4:00 p.m. of the last working day of the week preceding the letting. If the Legislature or the Governor declares the afternoon of the last working day of the week preceding the letting to be a holiday, the request must be received before 11:00 a.m. of the last working day. This form is available on line at <https://dot.sd.gov/doing-business/contractors/forms-documents>.

Upon approval by the Committee, said Qualification shall be in force for not more than eighteen (18) months from the date of the balance sheet submitted.

To request a prequalification application, please contact:

PARTICIPATION BY MINORITY CONTRACTORS**

Utilization of Minority Business Enterprises Clauses

PROJECT(S): 025-151

PCN i6JN

COUNTY(IES): Day

1. The Contractor agrees to use his best efforts to carry out this policy in the award of his subcontracts to the fullest extent consistent with the efficient performance of his contract. As used in this contract, 'Minority Business Enterprise' or 'MBE' means a small business concern, as defined pursuant to section 3 of the Small Business Act and implementing regulations, which is owned and controlled by one or more minorities or women. 'Owned and controlled' means a business: (a) Which is at least 51 per centum owned by one or more minorities or women or, in the case of publicly owned business, at least 51 per centum of the stock of which is owned by one or more minorities or women; and (b) Whose management and daily business operations are controlled by one or more such individuals. 'Minority' means a person who is a citizen or lawful permanent resident of the United States and who is: (a) Black (a person having origins in any of the black racial groups of Africa); (b) Hispanic (a person of Spanish or Portuguese culture with origins in Mexico, South or Central America or the Caribbean Islands, regardless of race); (c) Asian American (a person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands); or (d) American Indian and Alaskan Native (a person having origins in any of the original peoples of North America); (e) Members of other groups, or other individuals, found to be economically and socially disadvantaged by the Small Business Administration under section 8(a) of the Small Business Act, as amended. Contractors may rely on written representatives by subcontractors regarding their status as minority business enterprise in lieu of an independent investigation.

2. The Contractor agrees to establish and conduct a program which will enable minority business enterprise to be considered fairly as subcontractors and suppliers under this contract. In this connection the Contractor shall . . .
 - (a) Designate a liaison officer who will administer the Contractor's minority business enterprises program.
 - (b) Provide adequate and timely consideration of the potentialities of known minority business enterprises in all "make-or-buy" decisions.
 - (c) Ensure that known minority business enterprises will have an equitable opportunity to compete for subcontracts, particularly by arranging solicitations, time for the preparation of bids, quantities, specifications and delivery schedules so as to facilitate the participation of minority business enterprises.
 - (d) Maintain records showing (1) procedures which have been adopted to comply with the policies set forth in this clause, including the establishment of a source list of minority business enterprises, (2) awards to minority business enterprises on the source list, and (3) specific efforts to identify and award contracts to minority business enterprises.
 - (e) Include the "Utilization of Minority Business Enterprises Clause" in subcontracts which offer substantial minority business enterprises subcontracting opportunities.
 - (f) Cooperate with the State's Contracting Officer in any studies and surveys of the Contractor's minority business enterprises procedures and practices that the State's Contracting Officer may from time to time conduct.
 - (g) Submit periodic reports of subcontracting to known minority business enterprises with respect to the records referred to in subparagraph (d) above, in such form and manner and at such time (not more often than quarterly) as the State's Contracting Officer may prescribe.

3. The Contractor further agrees to insert in any subcontract hereunder provisions which shall conform substantially to the language of this clause, including this paragraph 3 and to notify the State's Contracting Officer of the names of such subcontractors.

4. The bidder hereby certifies that should he at any time decide to subcontract a portion of the work, he will take affirmative action to seek out and consider minority business enterprises as potential subcontractors. He further certifies that he will maintain records showing the contacts made with potential minority business enterprises subcontractors and the results of such contacts.

SPECIAL PROVISION REGARDING
RAILROAD INSURANCE REQUIREMENTS FOR
BNSF RAILWAY COMPANY

025-151, PCN I6JN, DAY COUNTY

SD 25 IN WEBSTER, DOT 393697K @ RR MP 657.116, LS 2004

January 17, 2023

Before commencing any work on, over, or near BNSF property, the Contractor will provide and maintain in effect insurance covering all of the work and services to be performed by the Contractor and each of its subcontractors in the coverage and minimum amounts as noted below:

1. Railroad Protective Liability: **BNSF Railway Company will be the Named Insured** for bodily injury and property damage of \$2,000,000 per occurrence and \$6,000,000 in the aggregate. This insurance will include the *Limited Seepage and Pollution Liability Endorsement, Pollution Exclusion Amendment, and Notice of Change Endorsement*.
2. Commercial General Liability: **BNSF Railway Company will be named an Additional Insured** for bodily injury, property damage and contractual liability for work being performed within 50 feet of railroad property, in the amount of \$2,000,000 per occurrence, with an aggregate of \$4,000,000.
3. Automobile Liability: **BNSF Railway Company will be named an Additional Insured** for bodily injury and property damage, with coverage of at least \$1,000,000 combined single limit or the equivalent covering any and all vehicles owned or hired by the Contractor and used in performing work for this project.
4. Workers' Compensation Insurance: As required under the South Dakota Workers' Compensation Law.

RAILROAD PROTECTIVE LIABILITY

The Contractor must purchase Railroad Protective Liability Insurance from BNSF's Public Project Railroad Protective Program through Insurance Brokers Marsh USA, Inc. Purchasing Railroad Protection Liability Insurance through BNSF's Public Project Railroad Protective Program will also grant the Contractor Right of Entry to railroad property.

The contact information to purchase insurance is: Marsh USA, Inc.
1717 Main Street, Suite #4400
Dallas, Texas 75201
Attn: Rosa Martinez, telephone #214-303-8519

IMPORTANT: This project requires Railroad Protective Liability Insurance but does not require any permitting. Clearly state to Marsh USA, Inc., when purchasing RPLI, that this is a public project that was generated because of new signal upgrades by the railroad. The project will bring existing sidewalks to MUTCD standards.

CERTIFICATE OF INSURANCE

The Contractor will obtain a Certificate of Insurance evidencing the issuance of insurance coverage as prescribed in items 2, 3, and 4 above. A Waiver of Subrogation is to be shown in favor of the Railroad as respects to the General Liability, Automobile Liability and Workers' Compensation. Also required is primary and non-contributing wording as respects to the General Liability and Automobile Liability.

NAMED INSURED

The certificate holder for Certificate of Insurance and the named insured for Railroad Protective Liability will read:

_____ BNSF Railway Company
_____ PO Box 140528
_____ Kansas City, MO 64114
_____ Email: bnsf@certfocus.com

Questions regarding BNSF's insurance requirements are to be directed to Vickie Barnett, Assistant Manager – Risk Management, BNSF Railway Company, at 817-352-2414.

SUBMITTAL OF INSURANCES TO BNSF AND THE AREA ENGINEER

- A. The Contractor will submit the **BNSF Public Project Notification Form for the State of South Dakota** to BNSF's Certificate Tracking Administrator, CertFocus. (See page 4 of 4 of this special provision for the form.)
- B. The Contractor will submit a signed Certificate of Insurance evidencing the issuance of insurance coverage as prescribed for Commercial General Liability, Automobile Liability, and Workers' Compensation Insurance to CertFocus, and the Area Engineer.
- C. MARSH USA, Inc., will forward the required acknowledgement document to CertFocus that a Railroad Protection Liability Insurance Policy has been purchased from BNSF's Public Project Railroad Protective Program by the Contractor.
- D. BNSF through Jones Lang LaSalle Brokerage, Inc., will provide the Contractor an approved Railroad Protective Liability Insurance policy agreement.
- E. The Contractor will submit a copy of BNSF's approved Railroad Protective Liability Insurance policy agreement to the State's Area Engineer.

The Contractor will submit the information as requested in items A, B, C, and D to:

CertFocus

PO Box 1767

Aberdeen, SD 57402-1767

Email: Bruce.Schroeder@state.sd.us

Telephone Number: 605-626-7885

The Contractor will not proceed with any work on, over, or near BNSF property (at a minimum of 50 feet from centerline of any track) until the Contractor has been notified by the BNSF that the required insurances have been approved and documentation of approval has been provided to the Area Engineer.

All costs associated with these insurance requirements, including increasing policy limits, when required, will be incidental to the bid item RAILROAD PROTECTIVE INSURANCE.

The parties mutually understand and agree that the purchase of insurance will not in any way limit the liability of the Contractor to the Railroad.

Failure to obtain the required insurances and approvals prior to working on, over, or near BNSF property will result in suspension of all work until required insurances are obtained and approved.

SPECIAL PROVISION REGARDING
WORKING ON RAILROAD PROPERTY FOR
BNSF RAILWAY COMPANY

025-151, PCN I6JN, DAY COUNTY

SD 25 IN WBSTER, DOT 393697K @ RR MP 657.116, LS 2004

January 17, 2023

1. REQUIREMENTS OF THE CONTRACTOR IN RELATION TO THE PROTECTION OF THE RAILROAD PROPERTY AND OPERATIONS FROM HAZARD DUE TO CONSTRUCTION OPERATIONS.

The Railroad contact for this project is: Walter Johnson, Roadmaster, BNSF Railway Company, Aberdeen, 760-669-6417. The Roadmaster may designate others to represent the Railroad.

Construction work or activities within 25' of a track will require railroad flaggers to flag to safeguard Railroad's operations and property. Depending on workload BNSF Railroad may utilize contracted railroad flaggers, RailPros Field Services, Inc., to flag to safeguard Railroad's operations and property. The Contractor will schedule its work in a manner and sequence that will minimize the requirement for Railroad flagging.

The Contractor will notify the Roadmaster at least **thirty (30) days** in advance before entering Railroad property to allow BNSF Railroad to possibly bulletin for Railroad flagger(s) position or utilize RailPros as contracted flaggers. **The Contractor will coordinate its work schedule with the State and Railroad Representatives prior to notifying the Railroad of required flagging dates.**

The Contractor will contact the Roadmaster again at least fourteen (14) working days in advance of entering upon Railroad property to conduct work or activities that will require flagging. Prior to entering Railroad property, a safety orientation is required, see item (2) of this Special Provision for additional information.

When flagger(s) is/are no longer required to flag the Contractor's work or activities as determined after consultation with the State and Railroad Representatives, the Contractor will provide five (5) working days' notice to the Roadmaster in order for the Railroad to abolish the flagger(s) position per Railroad union requirements. **The lack of proper or timely notification could result in which the Contractor being responsible for payment for unnecessary flagging.** Normal and customary charges for flagging will be paid by the State.

Invoicing for flagging will be submitted directly to **Bruce Schroeder, Aberdeen Area Engineer, South Dakota Department of Transportation, PO Box 1767, Aberdeen, SD 57402-1767**. The Contractor will notify Roadmaster of billing requirement.

If BNSF utilizes RailPros as contract flaggers, then RailPros will contact the Area Office to fill out an application that ultimately leads to a service agreement between SDDOT and RailPros. The application to executed service agreement can take up to Fourteen 14 days to process. After the service agreement has been executed then RailPros requires Fourteen (14) days in advanced notice prior to flagging. RailPros will submit the billings for flagging directly to the Area Office for payment.

Railroad flagger(s) and protective services and devices will be required and furnished when the Contractor's work or activities are located **over, under, or within twenty-five (25) feet** measured horizontally and perpendicular from centerline of the nearest track, when cranes or similar equipment positioned outside of 25-foot area from track centerline could foul the track in the event of tip over or other catastrophic occurrence, and, including, but not limited to the following conditions:

- a. When in the opinion of the Railroad's Representative, it is necessary to safeguard Railroad property, employees, trains, engines, or facilities.
- b. When any excavation is performed below the bottom of railroad tie elevation, if, in the opinion of Railroad's Representative, track or other railroad facilities may be subject to movement or settlement.
- c. When work in any way interferes with the safe operation of trains at timetable speeds.
- d. When any hazard is presented to railroad track, communications, signal, electrical, or other facilities either due to persons, material, equipment, or blasting in the vicinity.

The Contractor must obtain special permission from the Railroad before moving heavy or cumbersome objects or equipment which may result in making the track impassable.

The Contractor will not be within 25 feet of center of any track when a train is present. Further, no work or activities performed by the Contractor will cause any interference with the constant, continuous and uninterrupted use of the track, property, or facilities of the Railroad; its lessees, licensees, or other users, unless specifically authorized in advance by the Railroad's Representative. Nothing will be done by the Contractor at any time that would in any manner impair the safety of the track, property, or facilities of the Railroad, its lessees, licensees, or other users.

The Contractor will waive, release, indemnify, and defend Railroad for all judgments, awards, claims, demands, and expenses (including attorney fees), for injury or death to all persons, including Railroad's and the Contractor's officers and employees, and for loss and damage to property belonging to any person, arising in any manner from the Contractor's or any of the Contractor's subcontractor's acts or omissions or any work performed by or on behalf of the Contractor's or any of the Contractor's subcontractor's on or about Railroad's property or right-of-way. **THE LIABILITY ASSUMED BY THE CONTRACTOR WILL NOT BE AFFECTED BY THE FACT, IF IT IS A FACT, THAT THE DESTRUCTION, DAMAGE, DEATH, OR INJURY WAS OCCASIONED BY OR CONTRIBUTED TO BY THE NEGLIGENCE OF RAILROAD, ITS AGENTS, SERVANTS, EMPLOYEES OR OTHERWISE, EXCEPT TO THE EXTENT THAT SUCH CLAIM IS PROXIMATELY CAUSED BY THE INTENTIONAL MISCONDUCT OR SOLE NEGLIGENCE OF RAILROAD.**

This obligation will not include any claim, cost, damage, or expense which may be caused by the intentional misconduct or sole negligence of Railroad or its contractor, agent, or employee.

THE INDEMNIFICATION OBLIGATION ASSUMED BY THE CONTRACTOR INCLUDES ANY CLAIM, SUIT, OR JUDGMENT BROUGHT AGAINST RAILROAD UNDER THE FEDERAL EMPLOYEES' LIABILITY ACT, INCLUDING CLAIMS FOR STRICT LIABILITY UNDER THE SAFETY APPLIANCE ACT OR THE LOCOMOTIVE INSPECTION ACT, WHENEVER SO CLAIMED.

The Contractor further agrees, at its expense, in the name and on behalf of Railroad, that the Contractor will adjust and settle all claims made against Railroad, and will, at Railroad's discretion, appear and defend any suit or action at law or in equity brought against Railroad on any claim or cause of action arising or growing out of or in any manner connected with any liability assumed by the Contractor under this Special Provision for which Railroad is liable or is alleged to be liable. Railroad will give notice to the Contractor, in writing, of the receipt or dependency of such claim and thereupon the Contractor must proceed to adjust and handle to a conclusion such claim, and, in the event of a suit being brought against Railroad, Railroad may forward summons and complaint or other process in connection therewith to the Contractor, and the Contractor, at Railroad's discretion, must defend, adjust, or settle such suit and protect and indemnify Railroad from and against all damage, judgment, decree, attorney fees, cost, and expense growing out of or resulting from or incident to any such claim or suit.

In addition to any other provision of this Special Provision, if all or any portion of this Article is deemed to be inapplicable for any reason, including, without limitation as a result of a decision of an applicable court, legislative enactment, or regulatory order, the parties agree this Article will be interpreted as requiring the Contractor to indemnify Railroad to the fullest extent permitted by applicable law.

The assumption of liabilities and indemnification provided for in this Special Provision will survive any termination of this Special Provision.

The Contractor's obligations under this Special Provision will not extend to the liability of the architect or engineer, agents or employees arising out of: (1) The preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs or specifications, or, (2) The giving of or the failure to give directions or instructions by the architect, or engineer, agents or employees provided such giving or failure to give is the primary cause of the injury or damage.

2. REQUIREMENTS FOR THE CONTRACTOR WORKING ON RAILROAD PROPERTY.

Prior to entering Railroad property, each person providing labor, material, supervision, or services connected with the work to be performed on or about Railroad property will attend railroad safety training program at the following Internet Website www.BNSFcontractor.com. This training must be completed no more than one year in advance of entry on Railroad property.

Expenses associated with completing the safety training will be incidental to the project.

While on or about Railroad property, the Contractor will fully comply with Railroad's "Contractor Requirements," including, but not limited to, clearance requirements and personal protective equipment requirements. A partial list of the "Contractor Requirements" is included in this Special Provision. Additional information regarding "Contractor Requirements" is available for viewing at the above referenced safety training Internet Website. The Contractor will be responsible for fully informing itself as to Railroad's "Contractor Requirements."

PARTIAL LIST OF "CONTRACTOR REQUIREMENTS"

- a. Prior to entering the Railroad property, the Contractor will prepare and implement a Safety Action Plan acceptable to the Railroad. During the performance of work, the Contractor will audit its compliance with that plan. The Contractor will designate an on-site project supervisor who will serve as the contact person for the Railroad and who will maintain a copy of said plan and audit results at the work site for inspection and review by the Railroad at all reasonable times.
- b. **All insurance policies and certificates must be received and approved** before the Contractor enters Railroad property. Insurance must remain in effect during the entire project.
- c. Before the Contractor begins any task on Railroad property, a thorough job safety briefing will be conducted with all personnel involved with the task. The briefing will be repeated if the personnel or the task changes.
- d. No change will be made to "Construction Plans" without approval by the Railroad or State Representatives. Approved revised plans will be furnished prior to implementation of changes.
- e. When deemed necessary by the Railroad or State Representative, flagging protection by Railroad may be required while working on Railroad property or when equipment crosses the tracks.
- f. The Contractor must furnish details to and obtain approval from BNSF on how it will perform work that will affect existing drainage or possibly foul a track, as well as any **removal of any overhead bridge or structure**. BNSF approval process may take an excess of 30 days.
- g. Construction equipment must cross railroad track only at approved locations and must be over a full depth timbers, rubber, or concrete crossing. No equipment with steel wheels, lugs, or tracks may cross steel rails without aid of rubber tires or other approved protection. No vehicle may cross Railroad's track except at existing open public crossings.

- h. Each temporary construction crossing must be covered by a “Private Roadway & Crossing Agreement,” and must be barricaded when not in use. Any requests for a temporary construction crossing are to be directed to the Railroad. This process may take an excess of 30 days.
- i. The Contractor will **incur all costs** for any track work made necessary due to its construction operations, including but not limited to costs for temporary construction crossings and repair of damaged track.
- j. The Contractor may not pile construction materials or any other material, including, but not limited to dirt and sand, within 25 feet of center of track or on Railroad property not covered by Construction Easement or Contractor’s Permit/Lease. A 10-foot clear area on each side of a main track must remain unobstructed at all times to allow for stopped train inspection.
- k. When leaving any work area at night and over weekends, each area must be secured and left in a condition that will ensure Railroad’s employees and other personnel and other persons who may be working or passing through the area are protected from all hazards.
- l. No construction will be allowed within 25 feet of center of any track unless authorized by the Railroad’s Representative and shown on plan approved by the Railroad. This includes any excavation, falsework, scaffolding, slope encroachment and driving of sheet piles. Any excavation must be covered, guarded or protected when not being worked on. All excavations must be back filled as soon as possible. Plan approval can take an excess of 30 days.
- m. *No machines or equipment may be left unattended with the engine running. Each parked machine and equipment must be in gear with brakes set and, if equipped with blade, pan or bucket, the blade, pan or bucket must be lowered to the ground. All machinery and equipment left unattended must be left inoperable and secured against movement. The master battery disconnect switch must be left in the off or disconnect position and padlocked. Where equipment has an enclosed cab, a lockable hasp on the cab access door should be provided. This will prevent the use of easily obtainable universal keys to access equipment cabs. Equipment is not to be left within 50 feet of from centerline of nearest track without specific approval from the Railroad Representative. Under no circumstances is equipment to be left where it is within 8’-6” of track centerline or otherwise could be struck by a train or on-track equipment.*
- n. All personal protective equipment used on the Railroad property will meet OSHA and ANSI specifications. Hearing protection fall protection and respirators will be worn as required by State and Federal regulations. The Contractor’s safety rules must not conflict with Railroad safety policies or rules.
- o. Important - Disregard of any of these items will result in the Contractor being shut down for a minimum of 48 hours on railroad property while infraction is investigated. Based on the findings of the investigation, it will be determined if the Contractor will be allowed to work on railroad property in the future.

3. RIGHT OF ENTRY FOR THE CONTRACTOR ON RAILROAD PROPERTY

Right of Entry will not be granted by either the Railroad or the State Representative until the Contractor has completed the following:

- a. The Contractor has furnished the “Railroad Protective Liability” policy, Certificate of Insurance for “Commercial General Liability,” “Automobile Liability,” and “Workers’ Compensation Insurance” to the Railroad and State in amounts satisfactory to the Railroad. See “Special Provision Regarding Railroad Insurance Requirements.”
- b. The Railroad has notified the Contractor that said insurances have been approved by the Railroad.
- c. The Contractor has completed the Railroad safety training program and made satisfactory arrangements with Railroad’s Representative for progress of work without danger to train operations, without unnecessary interruption to train movements, and for flagging protection as necessary.

**SPECIAL PROVISION
FOR
BUY AMERICA**

JANUARY 11, 2023

Section 6.9 – Page 46 – Delete and replace with the following:

6.9 BUY AMERICA – Iron & steel, manufactured (composite) products, and construction materials must be produced in the United States in accordance with these Buy America requirements. Buy America preference applies to articles, materials, and supplies consumed in, permanently incorporated into, or affixed to the completed project. Buy America preference does not apply to tools, equipment, and supplies such as temporary works and other items brought to the project and removed at or before the final completion of the project.

The Department will consider a manufacturing process as any process which modifies the chemical content, the physical size or shape, or the final finish of a material, including melting and mixing, rolling, extruding, machining, bending, grinding, drilling, coating, and treating.

The application of a coating is interpreted to mean all processes that protect or enhance the value of material or product to which it is applied; examples are epoxy coatings, galvanizing, and painting.

Minor quantities of non-compliant iron and steel may be incorporated at the Department's sole discretion based on the Department's review of the Contractor's documented efforts to procure compliant items provided the invoiced material costs of all non-compliant iron and steel do not exceed 0.1% of the total contract amount or \$2,500, whichever is greater.

A. Certification: Prior to final acceptance of the project, the Contractor will provide the Engineer a signed letter stating each article, material, or supply permanently incorporated into the work meets the Buy America requirements specified herein. In addition, the following category-based requirements will apply for each article, material, or supply.

1. Iron & Steel: A statement will be included on the Certificate of Compliance stating whether the iron or steel is of domestic or foreign origin.

2. **Manufactured (Composite) Products:** Due to an existing nationwide waiver, manufactured (composite) products currently have no specific requirements.
3. **Construction Materials:** Construction materials and construction materials currently on the Department's Approved Products List will be treated as "Tier 1" items in accordance with the Required Samples, Tests, and Certificates (RSTC) section of the Department's Materials Manual. The Contractor will provide the Engineer a signed letter or other certification stating the construction material permanently incorporated into the work meets the Buy America requirements specified herein.

B. Determination of Material Category: The Department, in the Department's sole discretion, will classify an article, material, or supply into one of the following categories, (1) Iron & Steel, (2) Manufactured (Composite) Product, or (3) Construction Material. Articles, materials, and supplies will be considered to fall into only one single category of Buy America requirements. Some contract items are composed of multiple components that may fall into different categories. Individual components and composite items will be classified based on their nature when they arrive on the work site.

1. **Iron & Steel:** The Department will classify items predominantly composed of iron or steel as iron & steel.
2. **Manufactured (Composite) Products:** The Department will classify items not specifically listed as construction materials which are fabricated, combined, or manufactured through a manufacturing process into a commercially available composite item as manufactured (composite) products. The Department will classify items consisting of 2 or more of the listed construction materials combined through a manufacturing process as a manufactured (composite) product. The Department will classify items consisting of 1 of the listed construction materials combined with a material not listed through a manufacturing process as a manufactured (composite) product.
3. **Construction Materials:** The Department will classify only the materials specifically listed as construction materials as construction materials.

C. Iron & Steel

Structural steel and other iron and steel products will be produced in the United States. Buy America does not apply to iron ore, scrap, pig iron, and processed, pelletized, and reduced iron ore.

If iron ingots or steel billets produced in the United States are sent out of the country for a subsequent manufacturing process and then are brought back

into the United States, the full value of the iron or steel as it reenters the country (including the original billet cost and any coatings) will be considered foreign.

If foreign iron or steel components are combined with other components into a fabricated or assembled manufactured (composite) product, the foreign iron or steel content of the manufactured (composite) product is not only the value of the foreign iron or steel components, but also the pro-rata value of the fabrication and assembly labor and overhead used in the combining the foreign iron or steel and other components into the finished manufactured (composite) product, including coatings.

D. Manufactured (Composite) Product

Iron and Steel components of manufactured (composite) products will conform to the Buy America requirements for iron & steel. Due to an existing nationwide waiver, manufactured (composite) products without iron and steel components currently have no specific requirements.

E. Construction Material

Construction materials excluding cement and cementitious materials; aggregates such as stone, sand, or gravel; and aggregate binding agents or additives will be produced in the United States. To be considered produced in the United States, at least the final manufacturing process and the immediately preceding manufacturing process must occur in the United States.

A construction material is an article, material, or supply that is or consists primarily of:

- non-ferrous metals;
- plastic and polymer-based products including polyvinylchloride, composite building materials, and polymers used in fiber optic cables;
- glass including optic glass;
- lumber; or,
- drywall.

**SPECIAL PROVISION
FOR
LIABILITY INSURANCE**

APRIL 21, 2022

Section 7.15 – Page 50 – Delete and replace with the following:

7.15 LIABILITY INSURANCE - The Contractor will procure and maintain at the Contractor's expense, during duration of the contract, liability insurance with an insurance company authorized to do business in the state of South Dakota, for damages imposed by law. The insurance will cover all operations under the contract, whether performed by the Contractor or by subcontractors, and will name the State of South Dakota, the Department, and the Department's officers and employees as additional insureds, but liability coverage is limited to claims not barred by sovereign immunity. The State of South Dakota, the Department, and the Department's officers and employees do not hereby waive sovereign immunity for discretionary conduct as provided by law. Before commencing the work, the Contractor will furnish certificates of insurance, certifying that the policies will not be changed or cancelled until 30 calendar days' written notice has been given to the Department.

The certificates of insurance will provide evidence that the Contractor carries sufficient liability insurance to protect the public from injuries sustained by reason of pursuing the work, and that Workers' Compensation Insurance meets the requirements of the South Dakota Workers' Compensation Law.

**SPECIAL PROVISION
FOR
RESPONSIBILITY FOR DAMAGE CLAIMS**

APRIL 21, 2022

Section 7.14 – Page 50 – Delete and replace with the following:

7.14 RESPONSIBILITY FOR DAMAGE CLAIMS - The Contractor will indemnify the State of South Dakota, the Department, and the State's officers and employees, from all suits, actions, or claims of any character, including suits in which the State, Department, or the State's officers and employees are sued, brought because of any injuries or damages received or sustained by any person, persons, or property arising at least in part from the Contractor's operations; or on account of or in consequence of any neglect in safeguarding the work; or through use of unacceptable materials in constructing the work; or because of any act or omission, neglect, or misconduct of said Contractor; or because of any claims or amounts recovered from any infringements of patent, trademark, or copyright; or from any claims or amounts arising or recovered under the "Workers' Compensation Act", or any other law, ordinance, order, or decree. The Contractor's obligation to indemnify will include the payment of reasonable attorney fees and other costs of defense. So much of the money due the Contractor under and by virtue of the contract as may be considered necessary by the Department for such purpose may be retained for the use of the State; or in case no money is due, the Contractor's surety may be held until such suit or suits, action or actions, claim or claims for injuries or damages as aforesaid will have been settled and suitable evidence to that effect furnished to the Department. Money due the Contractor will not be withheld when the Contractor produces satisfactory written confirmation from the Contractor's insurer that adequate public liability insurance and property damage insurance providing coverage for such particular claims as may be made is in force, and the Contractor provides evidence the claim has been submitted to the Contractor's insurer. A copy of a certificate of insurance, without further confirmation of coverage for the particular claim being made, will not be sufficient to satisfy the requirement of written confirmation.

**SPECIAL PROVISION
FOR
GRASS SEED SUBSTITUTION**

JANUARY 26, 2022

The Contractor may substitute a portion of the grass seed mixture specified in the plans in accordance with the following:

Blue Grama (*Bouteloua gracilis*)

The allowable substitutions for Blue Grama may be either of the following:

- Little Bluestem (*Schizachyrium scoparium*) varieties 'Itasca' and 'Badlands'. The substitution rate for both varieties will be 2:1 (substitution seed:specified seed)
- Sideoats Grama (*Bouteloua curtipendula*) varieties 'Butte' and 'Pierre'. The substitution rate for both varieties will be 1:1.

Creeping Red Fescue (*Festuca rubra*)

The allowable substitutions for Creeping Red Fescue may be any of the following:

- Sheep Fescue (*Festuca ovina*) variety not stated (VNS). The substitution rate will be 1:1.
- Hard Fescue (*Festuca trachyphylla*) variety not stated (VNS). The substitution rate will be 1:1.
- Chewing's Fescue (*Festuca rubra* ssp. *commutata*) varieties Ambrose, K2, Zodiac, Shadows III. The substitution rate will be 1:1.

The Department will make no additional payment for these allowable substitutions.

FOR
RESTRICTION OF BOYCOTT OF ISRAEL**

JANUARY 31, 2020

In accordance with the State of South Dakota Office of the Governor Executive Order 2020-01 the following will apply to all contracts unless the amount being bid is less than \$100,000:

By submitting a bid proposal for this contract, the bidder certifies and agrees the following information is correct for the bidder and all subcontractors (all tiers) and suppliers with five (5) or more employees:

The bidder, in preparing the bid proposal or in considering proposals submitted from qualified potential suppliers and subcontractors, or in the solicitation, selection, or commercial treatment of any supplier or subcontractor; has not refused to transact business activities, has not terminated business activities, and has not taken other similar actions intended to limit its commercial relations, related to the subject matter of the bid proposal, with a person or entity on the basis of Israeli national origin, or residence or incorporation in Israel or its territories, with the specific intent to accomplish a boycott or divestment of Israel in a discriminatory manner. It is understood and agreed that, if this certification is false, such false certification will constitute grounds for the Department to reject the bid proposal submitted by the bidder on this contract and terminate any contract awarded based on the bid. The bidder agrees to provide immediate written notice to the Department if, during the term of the contract awarded to the bidder, the bidder no longer complies with this certification. The bidder further agrees such noncompliance may be grounds for contract termination.

**SPECIAL PROVISION
FOR
CONTRACTOR ADMINISTERED PRECONSTRUCTION MEETING**

DECEMBER 18, 2019

I. DESCRIPTION

This work consists of the Contractor scheduling and conducting a preconstruction meeting prior to beginning work on this contract. Additionally, this work consists of the Contractor providing the Area Engineer a completed list of required submittals.

II. MATERIALS (Not Specified)

III. CONSTRUCTION REQUIREMENTS

The Area Engineer will provide the Contractor the Authorization Form for Preconstruction Meeting (Form DOT-270) and the Contractor's Required Submittals Form (Form DOT-272) after the date of the Notice of Award and no later than 10 business days after the date of the Notice to Proceed.

The Contractor's authorized representative as indicated on the Signature Authorization Form (Form DOT-209) will complete, in its entirety, the first page of the Authorization Form for Preconstruction Meeting and will initial each proceeding section. By initialing each section, the Contractor is confirming comprehension of each section.

The Contractor's Required Submittals Form is a document outlining information required prior to the completion of the project. This list will include two types of submittals; 1) information required before scheduling a preconstruction meeting and 2) information required before the Contractor begins related work. The Department reserves the right to request additional information not included in the original list of required submittals. The list of required submittals will include, but is not limited to, proposed sequence changes, shop drawings, permits, certifications, mix designs, labor compliance, equal employment opportunity, and disadvantaged business enterprise documents. The Area Engineer will update the Contractor's Required Submittals Form with any project specific requirements and cross out or delete those that do not apply prior to providing the document to the Contractor.

Prior to scheduling the preconstruction meeting, the Contractor will complete and provide the Area Engineer all items on the list of required submittals that are

required as described in 1) above. If the Contractor cannot complete and provide a submittal item required prior to scheduling the preconstruction meeting, the Contractor will contact the Area Engineer to establish a mutually agreed upon date when the required submittal will be completed and provided to the Area office.

The Contractor will not begin work on an item until the Contractor has provided the Area Engineer with all required information for the applicable work item and the appropriate office has approved the information, if necessary. The Contractor will make every reasonable effort to deliver the required submittals at the earliest possible time.

When the Contractor has provided the Area Engineer all required submittals, except those mutually agreed upon to be provided at a later date or dates, the Contractor will schedule a preconstruction meeting with the Area Engineer.

Within 2 business days following the Contractor scheduling the preconstruction meeting, the Area Engineer will prepare and send the Contractor a meeting confirmation and the Preconstruction Meeting Outline (Form DOT-271).

The Area Engineer will edit and amend the Preconstruction Meeting Outline, as necessary, to meet the specific needs of the project. The Area Engineer will complete the project information and the Department information prior to furnishing the form to the Contractor.

The Contractor will complete the Contractor's portion of the Preconstruction Meeting Outline and will add additional discussion items as needed. The Contractor will send the meeting notice and final Preconstruction Meeting Outline to the Area Engineer, all subcontractors, utility companies, railroad companies (if applicable), and all suppliers at least 5 business days prior to the preconstruction meeting.

The Area Engineer will send the notice of the meeting and the final Preconstruction Meeting Outline of discussion items to any other government entities and other principle stakeholders involved in the project at least 3 business days prior to the preconstruction meeting.

At the discretion of the Area Engineer, the preconstruction meeting may be held in person, videoconference, or over the phone. The Contractor's competent superintendent who will be working on this project, as required by Section 5.5, or the Contractors Project Manager, as required by the Special Provision for Cooperation by Contractor and Department (if applicable), is required to attend the preconstruction meeting.

The Contractor will lead the meeting discussion as described in the Preconstruction Meeting Outline. The Area Engineer will prepare the meeting minutes including any unresolved items and distribute the minutes to all attendees

and principle stakeholders within 5 business days following the preconstruction meeting.

IV. METHOD OF MEASUREMENT

The Department will not make a separate measurement for the preconstruction meeting.

V. BASIS OF PAYMENT

The Department will not make a separate payment for the preconstruction meeting. All costs associated with the preconstruction meeting will be incidental to other contract items.

**STANDARD TITLE VI / NONDISCRIMINATION ASSURANCES
APPENDIX A & E**

MARCH 1, 2016

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

1. **Compliance with Regulations:** The contractor (hereinafter includes consultants) will comply with the Acts and the Regulations relative to Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, Federal Highway Administration, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
2. **Non-discrimination:** The contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.
3. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding, or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the contractor of the contractor's obligations under this contract and the Acts and the Regulations relative to Non-discrimination on the grounds of race, color, or national origin.
4. **Information and Reports:** The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the Federal Highway Administration to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the Federal Highway Administration, as appropriate, and will set forth what efforts it has made to obtain the information.
5. **Sanctions for Noncompliance:** In the event of a contractor's noncompliance with the Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not limited to:
 - a. withholding payments to the contractor under the contract until the contractor complies; and/or
 - b. cancelling, terminating, or suspending a contract, in whole or in part.
6. **Incorporation of Provisions:** The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The contractor will take action with respect to any subcontract or procurement as the Recipient or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the contractor becomes involved in, or

is threatened with litigation by a subcontractor, or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

Pertinent Non-Discrimination Authorities:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21.
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131-12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38;
- The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures Non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of Limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

**SPECIAL PROVISION REGARDING
MINIMUM WAGE ON STATE FUNDED PROJECTS**

OCTOBER 24, 2019

This proposal contains a copy of the most recent United States Department of Labor (USDOL) Davis-Bacon Act Wage Decision, adopted by the South Dakota Transportation Commission.

If the amount of this contract, as awarded, is \$100,000.00 or more, the following wage provisions will apply:

1. The Contractor and each related subcontractor will pay all laborers and mechanics working at the site of work unconditionally and not less than once a week, and without subsequent deduction or rebate of any account, other than permitted payroll deductions. The Contractor and each related subcontractor must compute the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at the time of payment at rates not less than those rates contained in the USDOL Davis-Bacon Act Wage Decision.
2. The Contractor and each related subcontractor will pay their respective employees not less than the USDOL minimum wage for each work classification an employee actually performs at the site of the work.
3. The Contractor and each related subcontractor must submit weekly, for each week in which any contract work is performed, an electronic certified weekly payroll report. The payroll report must be submitted electronically to the Elation System website. The Elation System website can be accessed by logging onto the State of South Dakota's single sign-on website at <https://mysd.sd.gov/> or can also be accessed at <https://elationsys.com/>. First time users will need to use the Promotion Code SDDOT-19. The payroll report must be submitted within fourteen (14) calendar days after the end of the workweek. The payroll reports submitted shall set out accurately and completely all the information required to be maintained under 29 C.F.R. 5.5(a)(3)(i). Weekly transmittals must include an individually identifying number for each employee, such as the last four digits of the employee's social security number, but these weekly transmittals must not include full social security numbers or home addresses. The Contractor is responsible for the submission of certified payroll reports by all subcontractors.
4. Each certified weekly payroll report must include the most recent South Dakota Department of Transportation (SDDOT) Statement of Compliance Form, signed by

the Contractor or related subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract. The Instructions for the SDDOT Statement of Compliance Form are found at <https://dot.sd.gov/doing-business/contractors/labor-compliance/certified-payrolls-let-after-6/5/19>. The SDDOT will not accept any payroll report which does not include the most recent SDDOT Statement of Compliance Form.

5. The Contractor and each related subcontractor will maintain payrolls and basic records relating thereto during the course of the work and preserve these records for a period of three (3) years from the date of completion of the contract for all laborers, mechanics, apprentices, trainees, watchmen, and guards working at the site of the work. These records must contain the name, address, social security number of each such worker, his or her correct work classification, and hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof). The Contractor and each related subcontractor will make these records available for inspection, copying, or transcription by the Labor Compliance Officer (LCO) and will permit the LCO to interview employees during working hours on the site of the work.
6. The SDDOT will upon its own action, or upon written request of an authorized representative of the USDOL, withhold, or cause to be withheld, from the Contractor or related subcontractor under this contract, or any other contract with the same prime Contractor, as much of the accrued payments, advances, or guarantee of funds as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers employed by the Contractor or any related subcontractor, the full amount of wages required by the contract. In the event the Contractor fails to pay any laborer or mechanic, including any apprentice, trainee, or helper employed or working on the site of the work, all or part of the wages required by the contract, the LCO may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds under this contract or any other contract with the same prime Contractor until such violations have ceased.

WELDERS – Receive rate prescribed for craft performing operation to which welding is incidental.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor contract clauses (29 CFR 5.5(a)(1)(ii)). Contractors are responsible for requesting SDDOT to secure necessary additional work classifications and rates.

*Classifications listed under an "SU" identifier were derived from survey data and the published rate is the weighted average rate based on all rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Survey wage rates are not updated and will remain in effect until a new survey is conducted.

Davis-Bacon Act Wage Decisions

State: South Dakota

Construction Types: Heavy and Highway

Counties: South Dakota Statewide

General Decision Number: SD180001 Mod-1 04/06/2018 SD1

In the listing above, the "SU" identifier indicates the rates were derived from survey data. As these weighted average rates include all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of the survey on which these classifications and rates are based. The next number, 007 in this example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- an existing published wage determination
• a survey underlying a wage determination
• a Wage and Hour Division letter setting forth a position on a wage determination matter
• a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

**STATE OF SOUTH DAKOTA
DEPARTMENT OF TRANSPORTATION**

**SPECIAL PROVISION
FOR
PRICE SCHEDULE FOR MISCELLANEOUS ITEMS**

OCTOBER 7, 2020

The following unit bid prices have been established by the South Dakota Department of Transportation Commission.

These prices will be pre-entered in the bidding package for each project or will establish a standard price to be used whenever no project contract unit price exists for that item.

Each unit price listed is considered full compensation for the cost of labor, material, and equipment to provide the item of work and/or material, complete in place, including (but not limited to) royalty, waste of unsuitable materials, equipment rental, overhead, profit, and incidentals.

Items specified in this document may be paid for on progressive estimates without the benefit of a prior approved Construction Change Order.
